

Cow Peas in Corn.
It is still early enough to sow cow peas in corn. The farther north they are sown, the earlier should be the variety. Farmers who have not tested this "catch crop," should do so. Bryan Tyson of North Carolina, who has been studying this crop, says:

"I have no hesitancy in saying that if equal facilities be given to corn and cow peas, the climate being suitable for each, the peas will, on an average, prove the more valuable crop. A good crop of cow peas will easily gather from the air 100 pounds of nitrogen per acre, which is worth as a fertilizer about 15 cents a pound. Consequently when the vines are turned under they will carry with them about \$15 worth of nitrogen per acre to be drawn on by the next crop. From 30 to 50 bushels of shelled peas per acre can easily be grown, worth say 50 cents a bushel (they are now worth \$1.50). We thus have a total of \$30 per acre, which is much more than the corn crop of the United States will average."

"The pea vines will supply the much needed humus. In addition to this, while the vines are rotting, important chemical changes will take place. Much benefit will be derived from these two sources, which are not taken into account. Peas drilled midway between wide corn rows can be successfully grown with, at most, but little detriment to the corn. Some argue that peas, by shading the ground, are an advantage to corn."

"When peas are planted as late as they will mature, they do their principal growing after the corn has gone in decline. Therefore, very nearly a full crop of each can be grown. For a joint crop of corn and cow peas the peas may be planted from June 10th to July 10th. The Black and Whippoorwill peas are preferable for late planting."

"In a climate where cow peas will flourish, a row of corn should never be planted without making proper provisions for peas also. This provision means drilling and thorough cultivation. The cow peas is too important a crop to broadcast and leave to take its chance with grass and weeds. A rank growth should be produced by using a fertilizer containing phosphoric acid and potash in proper quantities."

"After one deep plowing cultivators may be principally employed for the corn. A strip about a foot broad, midway between the corn rows, is preferably plowed deep each time up to the time the peas are planted. A loose bed will thus be prepared for the peas. It pays well to plow deep, even to subsoil, for peas; they stand a drought much better."

"Cultivation should be continued as long as the pea vines will permit. The crust can advantageously be broken until the corn is in early roasting ear. Many corn crops are virtually ruined by quitting them too soon. A crust is formed and then by what is called capillary attraction the soil is soon deprived of moisture."—St. Louis Journal of Agriculture.

A Night of Terror.
"Awful anxiety was felt for the widow of the brave General Burnham of Machias, Me., when the doctors said she would die from pneumonia before morning" writes Mrs. S. H. Lincoln, who attended her that fearful night, but she begged for Dr. King's New Discovery, which had more than once saved her life, and cured her of Consumption. After taking, she slept all night. Further use entirely cured her." This marvellous medicine is guaranteed to cure all Throat, Chest and Lung Diseases. Only 50c and \$1.00. Trial bottles free at J. Taylor Day, Hazel Green, and S. S. Combs & Sons, Campton, drug stores.

CAPS AND CAPERS.
A Story of Boarding School Life by Gabrielle E. Jackson Author of "Pretty Polly Perkins." Pictures by C. M. Relyea; 12mo. cloth, ornamental, illustrated—\$1.00.

"Caps and Capers" is a genuinely wholesome and modern story of boarding-school life, and quite unlike the general run of this sort of literature. It is a book that young people will read more than once. We meet very delightful people in "Caps and Capers." The girls are happy, healthy, jolly creatures, ready for any fun that offers, yet willing to do their best for their teachers who treat the girls as though they were rational, reasoning beings and not a lot of irresponsible creatures who must be watched from morning till night lest they disgrace themselves and those who have them in charge.

All through this charming book there is plenty of the fun that is the result of happy, healthy girlhood. There is a comical "Caps and Capers Club" with its secret meetings and midnight spreads; jolly sleigh rides in their season; a sleep-walking act for the benefit of an over-zealous teacher; spelling matches; and the most delightful wedding that ever was; and all these happenings are set forth in such a vein of happy thought, that young people the world over, will read them with the keenest interest.

Mrs. Jackson writes charming books for the young, leading them through most delightful fields of imagination and romance. The human interest is never wanting in her work; her powers of observation are keen; she draws characters as they should be drawn; and tells a story well.

"Caps and Capers" is beautifully printed, bound and illustrated.—Henry Altman Company Philadelphia.

Oldest Man in Kentucky.
In the death of Henry Richmond Sykes, which occurred at Dayton, Ky., Wednesday last, there passed away not only the oldest citizen of Kentucky, but probably of a dozen other states. Born in 1779 his life has been almost co-extensive with that of the United States government. He has been the contemporary of all the great men, from Washington, Franklin, Adams, Jefferson down to the present day. He was born near Hull, England. While a young lad he came to this country with his parents.

Many physicians are now prescribing Kodol Dyspepsia Cure regularly having found that it is the best prescription they can write, because it is the one preparation which contains the elements necessary to digest, not only some kinds of food, but all kind, and it therefore cures indigestion and dyspepsia no matter what its cause.

H. F. PIERATT.

James Lilly, colored, a politician and wealthy, was last Wednesday sentenced to serve 21 years in the penitentiary for the murder of his wife in Harrison county.

Norris Silver, North Stratford, N. H.: "I purchased a bottle of One Minute Cough Cure when suffering with a cough, doctors told me was incurable. One bottle relieved me, the second and third almost cured. Today I am a well man."

H. F. PIERATT.

John Brown, aged 17, while yoking a pair of oxen, was dismowed by one of the animals, and died at his home near Lancaster, Ky.

Henry Braydon, Harris, N. C., says: "I took medicine 20 years for asthma but one bottle of One Minute Cough Cure did me more good than any thing else during that time. Best Cough Cure."

ASTHMA CURE FREE

Asthmalene Brings Instant Relief and Permanent Cure in All Cases.

SENT ABSOLUTELY FREE ON RECEIPT OF POSTAL. WRITE YOUR NAME AND ADDRESS PLAINLY.

There is nothing like ASTHMALENE. It brings instant relief, even in the worst cases. It cures when all else fails.

The Rev. C. F. WELLS, of Villa Ridge, Ill., says: "Your trial bottle of Asthmalene received in good condition. I cannot tell you how thankful I feel for the good derived from it. I was a slave, chained with putrid sore throat and Asthma for 10 years. I despaired of ever being cured. I saw your advertisement for the cure of this tormenting disease, Asthma, and thought you had overspoken yourselves, but resolved to give it a trial. To my astonishment, the trial acted like a charm. Send me a full-size bottle."

Rev. Dr. Morris Wechsler, Rabbi of the Cong. Enai Israel, New York, January 3, 1901. DR. TAFT BROS. MEDICINE CO.: Gentlemen: Your Asthmalene is an excellent remedy for Asthma and Hay Fever, and its composition alleviates all troubles which combine with Asthma. Its success is astonishing and wonderful.

After having it carefully analyzed, we can state that Asthmalene contains no opium, morphine, chloroform or other. Very truly yours, REV. DR. MORRIS WECHSLER, AVON SPRINGS, N. Y., February 1, 1901.

DR. TAFT BROS. MEDICINE CO.: Gentlemen: I write this testimonial from a sense of duty, having tested the wonderful effect of your Asthmalene, for the cure of Asthma. My wife has been afflicted with spasmodic asthma for the past 12 years. Having exhausted my own skill as well as many others, I came to see your sign upon your windows on 130th Street, New York, I at once obtained a bottle of Asthmalene. My wife commenced taking it about the first of November. I very soon noticed a radical improvement. After using one bottle the Asthma has disappeared and she is entirely free from all symptoms. I feel that I can consistently recommend the medicine to all who are afflicted with this distressing disease.

Yours respectfully, O. D. PHELPS, M. D. February 5, 1901. Gentlemen: I was troubled with Asthma for 22 years. I have tried numerous remedies, but they have all failed. I ran across your advertisement and started with a trial bottle. I found relief at once. I have since purchased your full-size bottle, and I am ever grateful. I have family of four children, and for six years was unable to work. I am now in the best of health and am doing business every day. This testimony you can make such use of as you see fit. Home address, 235 Livingston Street. 67 East 129th Street, New York City.

State College of Kentucky.

The Agricultural and Mechanical (State) College of Kentucky offers the following courses of study, viz: Agricultural, Horticultural, Chemical, Biological, Mathematical, Normal School, Classical, Mechanical Engineering, Electrical Engineering, Civil Engineering, each of which extends over four years and leads to a degree. Post-graduate courses of study are also provided, leading each to a master's degree. Each course of study is organized under a separate faculty. The general faculty numbers more than thirty professors and instructors. **County Appointees** receive tuition, room rent in dormitories, fuel and lights, and if they remain ten months, traveling expenses. The laboratories and museums are large, well equipped, comprehensive and modern. The last Legislature appropriated \$30,000 for a college home for young women, and a drill hall and gymnasium has been provided for men. Military tactics and science are fully provided for and required by Congress. Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the college to supply. Last year the matriculation list was 620. For catalogues, method of obtaining appointments, information regarding courses of study and terms of admission, apply to JAMES K. PATTERSON, Ph. D., LL. D., President. Or to Prof. D. C. Mr. Cooper, Hazel Green, Ky.:

I purchased some of the Vitae Ore of you in the latter part of March, and after taking about a half-pint of the Vitae Ore Elixer my nerves were as steady as when I was 16 years of age, and I am now just 75. For more than a year I had been trying all the patent medicines and nostrums I could hear of to build myself up, but nothing did me any good until I used Vitae Ore, which my wife brought me from your house. After using it a week I went out and did three days' as hard work as I have done in 25 years, and I was not more fatigued than I was 25 years ago over the same work. It is the greatest medicine in the world, and I want everybody in the mountains to know what it did for me so they may try it. Hoping every one who has that tired feeling incident to old age will buy Vitae Ore of you and give it a fair trial. I remain, thankfully yours for putting me on to this remedy.

JAMES LACY.

I can vouch for every word Mr. Lacy says in the above. I am his wife and bought the medicine of Mr. Cooper for him, though I did not have much faith in it, because we had tried so many things that did no good. I have also used Vitae Ore, and am stronger and in better health than for years, which I attribute to its use.
